S³ Top Recruiters & Marketer

We would like to highlight a couple of our top recruiters, **Wendy Long** and **Myles Rahalewicz**, and one of our most successful marketers, **Mike Usher**.

Wendy Long joined S³ just over a year ago in May 2006. Since then she has been simply sensational! She recently achieved a milestone in her S³ career when she was named Top Recruiter of the month in April. Wendy truly enjoys her job and it shows. Not only does she make contacts and find job placements, she also concentrates on building lasting relationships with both customers and consultants. Wendy feels that her recruiting success comes from "building trust with candidates and clients; treating them with respect; and following up with them regularly." It is extremely rewarding for her to watch her placements succeed in their new roles. Even better is when a customer tells her that a consultant is performing above expectations. Wendy admits that one of the perks of being a recruiter at S³ is that it provides her the opportunity to stay current in the IT field, while also allowing her to be a part of a great Team that celebrates the wins and supports her learning process from the losses. S³ would like to extend thanks and appreciation to Wendy for all the hard work and dedication. Congratulations on your achievement!

Wendy Long

The Top Recruiter for the month of May was **Myles Rahalewicz**. Myles has been with S³ for four years now and his continuous drive and quality performance has generated incredible results for S³. His superb performance is based on a strategy of consistence and efficiency along with his genuine fondness for helping people. Myles takes great satisfaction from connecting

consultants with employers, knowing he has a truly positive impact on their lives. He also enjoys the challenges of the fast-paced, action-packed staffing industry and he says his job is a lot easier because of the wonderful co-worker he works with on a daily basis. The reward for all his hard work is the appreciation he receives from customers as he assists them with their employment search. S³ is proud to have employees like Myles represent the company and we thank you for your continuous top honors.

Myles Rahalewicz

S³ applauds **Mike Usher** for being the Top Marketer of the quarter. Mike has always been a model employee and a real go-getter since he joined S³ in September of 1994 during S³'s early years. Mike's loyalty is a result of his tremendous job satisfaction. He says he often feels like it's his own company, a freedom he's earned, and a perception that is encouraged. When he needs to get something done there is no frustrating bureaucracy to confront; he just makes decisions based on what is best for the customer and S³. Mike also appreciates the support of his manager, Carl Bentley and the entire Detroit Team. Being surrounded by good people helps as he works around the clock to achieve his goals. Mike always strives to provide customers and consultants with the best possible service. He believes that relying on quality service makes everything else fall into place. S³ is grateful for the role Mike has played in its growth. We thank you for your outstanding performance!

Mike Usher

S³ in the News

DEC – They Said it at the DEC

Ben Verwaayen – CEO BT Group

“Economic wealth creation . . . is a fantastic opportunity for all of us.”

— JANUARY 22, 2007

The Detroit Economic Club hosted international telecommunications leader, Ben Verwaayen, chief executive officer of BT Group (British Telecom). Verwaayen talked about how globalization can help

create economic opportunity for people around the globe.

“Hundreds of millions of people that did not have the opportunity to participate in economic wealth creation nowadays have that opportunity. And they take it with both hands, and they are right to do that. And by the way, that’s a fantastic opportunity for all of us. Because we create a larger pizza. The pizza is growing and growing,” said Verwaayen. But he noted that anyone anywhere can plug in to the global economy.

Verwaayen said that global economies should encompass a global team. “We have people from all over the globe. People with different backgrounds, different experiences,” said Verwaayen. “People who had nothing to do with telecommunications are now coming into the business just to give us a different perspective. It helped tremendously to think differently.”

Angela Cavanaugh Fills Account Manager Position at S³'s new Tallahassee Branch

S³ recently opened a Branch in Tallahassee, Florida to support current customers and increase S³'s national footprint. Angela Cavanaugh joined with S³ to better service her customers with S³'s expansive opportunities and strategic solutions.

Angela has worked in the IT industry in Tallahassee for the past fifteen years, marketing and managing the State of Florida account for various telecommunication and information technology customers. She excels at developing customer relationships and has worked extensively with agencies in the past. Her achievements include a degree in Marketing from Florida State University and a 14-month Computer Engineering Degree from Carnegie Mellon.

Angela is from the Panhandle region of Florida and moved to Tallahassee to attend Florida State University. She took a position with a major telecommunications company in Tallahassee and has lived there ever since.

S³ is excited about the great prospects opening up for both customers and consultants with the new branch opening. We welcome Angela and look forward to the success she brings to the new office and S³.

S³ Commendation: Vina Hinds

Cynthia Lopez, a consultant for S³, was proud to submit an unexpected commendation for Vina Hinds, the South Florida Branch Administrator. During the past year in which the South Florida Branch made great strides, Vina went out of her way to address and meet the expanding needs of the office, which include payroll, benefits and support. Lopez says that Vina “has gone the extra mile when it comes to irregularities” and moreover she has handled them in a “very professional and kindly manner.” Lopez appreciates Vina’s efforts and for being a representative she can count on in S³.

South Florida’s Branch Manager, Claire Marrero, proudly states that “Vina is certainly a key part of our team” and she is thrilled with the quality support that Cynthia provides the consultants and the entire South Florida Team.

S³ congratulates Vina for a job well done!

Strategic Highlights

S³ in the News

S³ 's Clippert Academy Career Day

Robert Ficano - Wayne County Executive

On May 10th, S³ corporate office held their annual Clippert Academy Career Day. They were accompanied by admirable guest speakers representing the Detroit Police and Fire Departments, WDIV, FM 98 radio station, Wayne County, and the Detroit City Council. We'd like to thank all S³ participants who helped support the education and growth of Detroit's schoolchildren

- Consultant Highlight -

Gary Budoor

S³'s Giridhar Sriperumbudoor, also known as Gary Budoor or the "Iron Man," has consistently performed at the top of his class! Not only is he an ambassador of S³, he has also

won the heart of our customer, Monsanto! Gary's manager, Todd Eyrick, called Senior Account Manager, Jim Leingang, and gave him the scoop. "Gary is a phenomenal guy, a great team player and an incredible work horse. He has a HUGE impact on the quality of applications that we put out. Gary tenaciously stays at the problem to get it done and earns his nickname - *Iron Man* - through his actions!"

We also cannot thank him enough for his work outside of Monsanto. Gary helps screen, refer, and assist/mentor fellow S³ employees and his referrals never stop (three of them are working with us at Monsanto)... just ask his wife, Sowjanya!! We are proud that both of them are a part of the S³ family and on our team!!

- Consultant Highlight -

Nick Kirby

Joining the S³ Corporate office on a **IT help desk** Internship, **Nicolas Kirby** has impressed his coworkers so thoroughly that he has been rewarded with a fulltime position with S³. Originally Nick was hired fulltime to provide IT Support and

help fellow team members with any computer problems they might have had. He has been promoted by being placed as a consultant for S³'s customer, DTE Energy.

Nick is highly proficient with computers and information technology. He studied for his bachelor's degree in Management Information Systems at Oakland University and was a very gifted student.

Nick is starting out in his career in IT with S³ already with incredible accomplishment. He hopes to continue growing in his field, gaining valuable computer skills while bringing success to S³. We congratulate Nick on his tremendous ability, drive and achievements.

Names and Faces

A Round-up of Our Newest Internal Hires, Promotions and FYIs

Chicago

Matthew Whalen joins the Chicago Team as a new **Recruiter**. His keen ability to match a position's requirements with a prospective candidate's skills, and his ability to uncover and resolve any potential problems before they occur made Matthew a hot prospect for S³. He has many years of customer service experience including working as a Technical Recruiter for a local staffing service company. Matthew's credentials include a bachelor's degree from North Central College. In his free time, Matthew serves on the board of directors for a local community theater where he will direct some productions in the next year. He is also a professional actor in the Chicago theater circuit. Matthew says it is exciting to be a part of a company that is working with such strong customers on a national and international level, and S³ is more than pleased to welcome him to the Chicago office.

Columbus

Joining the Columbus Team is **Carman Augustine**. Originally hired as a Recruiter, Carman moved into her new role of **Marketer** where she will undoubtedly help bring success and growth to the company. Carman has in-depth experience in IT recruiting, human resources administration, and business development management. Throughout her fifteen plus years in the staffing business, she has excelled at building relationships, sourcing and bringing innovation to IT recruiting. Carman was very impressed by S³ management and their vision for the Columbus Branch. She hopes to apply her skills to improve and grow recruiting at S³. We look forward to the results and success Carman will bring.

Jay Waggle has been hired by the Columbus Branch as a new **Technical Recruiter**. Jay is highly qualified for the position, having worked as a recruiter in both the Information Technology and Commercial Industries fields. He excels at identifying skills and qualities in can-

didates that do not appear on their resume. He matches the perfect person with the complementary organization or department. In addition to his work experience, Jay has a bachelor's degree in Business Marketing from Ohio State University. On the route to become the best recruiter he can, S³ will profit from his energy and enthusiasm. We are glad Jay decided to join the Team!

Corporate

The Corporate office selected **Michelle Bracco** to assist with processing company contracts and provide legal administrative support as S³'s **Corporate Paralegal/Contracts Administrator**. Michelle is a certified Paralegal and has worked as such in Texas, Michigan and Florida for over five years. She also has a bachelor's degree in Business Administration from the University of Maryland. Michelle enjoys working in the legal field, especially since the ever-changing field always provides a new opportunity for gaining knowledge. She hopes to someday attend Wayne State University to pursue a law degree. We wish her the best in her endeavors while she applies her legal acumen to S³.

Jane Schaefer eagerly accepted the offer for a full-time position at S³. Originally hired at S³ on a temporary assignment, her work was so exceptional that S³ was more than happy to find a permanent place for her on the **Corporate Finance Team**. Jane owned and operated a business for seven years prior to joining S³ where she wore many hats, being the Controller, Legal Administrator, and handling all the banking. She says that her "years of experience in multiple disciplines provides a broad overview of every aspect of operating a business." Ultimately it is her sense of humor which helps her navigate the twists and turns of an office environment with great success and accomplishment. Jane has a master's degree in Accounting and another in Business Administration from Wayne State University. She looks forward to growth and potential at S³. Welcome to the Corporate Team!

New Orleans

A recent hire as a **Technical Recruiter** for the New Orleans office, **Lori Boudet** is looking to achieve career growth and success. She has over eight years experience in sales and marketing with three years specifically in recruiting. Lori also has a bachelor's degree in Business Communications from Southeastern Louisiana University. Her knowledge, experience and career skills help her exceed customer expectations when locating the best candidates for job openings. The New Orleans Branch expects to benefit from Lori's enthusiasm and drive. We see great potential in Lori and are happy to welcome her to S³.

New York

Donald Muniz has taken leadership of the New York Branch. Don will provide **Branch Manager** services for S³ in the New York metropolitan area. Prior to joining S³, Don owned an Information Technology staffing firm. His experience in building a successful startup staffing company will be invaluable to S³. His stellar career in IT staffing also includes "turning around" two New York offices for major staffing companies. Don was thrilled to hear that he was selected for this management position, especially because of how much he respects S³'s Executive Team and the reputation S³ has in the IT market. We welcome Don to S³ and wish him the best as he leads the New York Branch to new levels of growth and success!

Colleen Columbia is a new **Account Manager** for the New York Branch. She will be responsible for developing new business while servicing and up-selling existing S³ customers. Colleen has over ten years of sales and service experience, including having worked for a full service staffing firm and having done sales

and service in the Diagnostic Pathology Laboratory Industries arena. Being an exceptional sales professional, Colleen is an especially good communicator, and is top-notch at research, placements, account management, and human relations. She has a bachelor's degree in Health Administration from Warren National University and has a Harvard Certificate in Negotiation for Senior Executives from Harvard Law School. Colleen is bound to make a positive impact and we anticipate a long successful career for Colleen at S³.

As the new **Senior Staffing Director** for the New York Branch, **Michael Schmidt** plans to focus on expanding S³'s footprint in the New York market. For the last 20 years,

Michael has worked in the financial services industry. Early in his career he worked his way from a sales support role to becoming Regional Sales Manager. He later served as the head of market data technology. His in-depth knowledge of the financial industry, both as a customer and employee, will be a tremendous asset for the S³. Furthermore, his successful management of projects from the ground up is a clear statement of his proficiency and high performance. Michael also has a bachelor's degree from Pace University. We welcome Michael to S³ and wish him the best at his endeavors.

The New York office welcomes **Starr Thompson** as their new **Account Manager**. Starr is a seasoned professional with over thirteen years in sales. Her successful sales career not only

includes cold calling, networking, and account service, but also international sales and product development management. She is a consummate leader with incredible negotiating and decision-making skills, over and above her effective problem-solving ability and organizational skills. Starr also has a bachelor's degree in marketing/Merchandise Management. With all her experience and tremendous ability, the New York Branch is thrilled to have Starr on the Team.

Orlando

The new **Branch Administrator** for the Orlando Branch is **Kirsten Dextraze**. She will provide payroll assistance and office support for the

Team. Kirsten has a solid resume in office administration. She has exceptional customer service skills and has developed superior management ability while running a real estate office.

Kirsten is looking forward to working with the great people on the Orlando Team. Having tremendous patience and determination, we anticipate Kirsten will outperform our expectations. Welcome to S³!

Philadelphia

The Philadelphia Branch is excited to have their newest **Recruiter Specialist** join the team,

Stephen Barnes. A truly impressive sales professional, Stephen was the Inside Sales Manager for one of the top recruitment process outsourcing providers. His IT staffing career experience also includes being Team Lead and IT Recruiter, in addition to working in sales of document solutions, software, and metals. Stephen has found that a key to his success in recruiting is balancing careful preparation with a "just do it" approach. Never treating a contact as just a phone number, he always strives to provide value for people, whether it is information about the market or organizational changes. Stephen has a master's degree in Organizational Dynamics from the University of Pennsylvania and a bachelor's degree in International Business Administration from Temple University. We expect Stephen to quickly establish himself as a top local recruiter, and we welcome this high quality performer to S³!

Richmond

Latonia Morgan is the new friendly face at the Richmond office. She has been hired as the **Branch Administrator** where she will provide the utmost level of support for the management and

recruiters. Toni has outstanding organizational and multi-tasking skills. Many years in administration have honed her ability to wear different hats and juggle multiple responsibilities. Toni attended Old Dominion and the Institute of Theology and Ministry Training. Outside of work she hopes to continue her studies and pursue a lifestyle of philanthropy and community service. S³ is proud to have such a gifted, giving member on the Team. Welcome to S³!

San Antonio

As a new **Account Manager** for the San Antonio Branch, **Chad Diddens** will dedicate himself to increasing sales, building customer relationships

and motivating the sales team to higher levels of performance. Chad is an experienced sales professional, having managed accounts for a healthcare service where he helped grow net profits over twelve percent in as little as twelve months. In addition to successfully managing sales accounts, Chad created marketing programs and monitored the annual operational budget. Chad has a bachelor's degree from the University of Iowa where he majored in Economics. In his free time he serves as a Fund Raising Team Leader for the United Way and builds homes with Habitat for Humanity. The San Antonio Branch is fortunate to have Chad onboard. Welcome to S³!

St. Louis

The St. Louis Branch is happy to introduce **Jennifer Dotson** as their new **Branch Administrator**. Her previous employment

as an administrative assistant for a leasing company gave her a skill set ideal for her new role with S³ where she will be responsible for answering phones, time and billing, purchase orders, and marketing packages. Jennifer is outstanding in customer service and thrives in a multi-tasking environment. She is excited to get started and become familiar with her new position; to quickly get up to speed so she can grow and improve the St. Louis office. Please join us in giving Jennifer a warm welcome to S³!

The St. Louis Branch is pleased to announce that **Natalie White** has joined their staff as a new **Recruiter**.

Having solid credentials, Natalie worked in sales and recruiting for almost five years and over one year in the Information Technology field, having been the Corporate HR/Recruiter for a software development company. In addition to her outstanding IT staffing experience, Natalie has a bachelor's degree in Business Administration from Southeast Missouri State University. Natalie brings a great deal of talent to S³ and we look forward to the results she will bring to the company's bottom line. Welcome!

Office Kitty

A column that reports on community events

Meet Trumbull, our Corporate Kitty who symbolizes our company's charitable activities

Chicago Climbs Wachovia for the American Lung Association

Chicago member, Mike Fusilero, joined the team Breathe Easy to participate in the American Lung Association's Climb at the Wachovia Financial Center located in Miami, Florida on April 14th, 2007. He climbed 55 stories (1,210 stairs) to help support clean air legislation and research initiatives, and to raise money to help the millions whose lives are complicated by the effects of lung disease. An estimated 24 million Americans have asthma, a disease that is on the rise and it is the leading cause of school absenteeism, the number one cause of hospitalization in children, and tragically, deaths from asthma continue to increase. In addition to raising money for lung health research, education and advocacy will help everyone suffering from illnesses such as asthma, emphysema, chronic bronchitis and lung cancer.

S3 member Michael Fusilero (middle)

Houston Helps Underprivileged Kids

On April 15th, S3's Houston Branch participated in their first charity event. The Houston Team sponsored a group of 20 kids from project "Positive Vibe" and project "A Friendly Haven." Both of these groups help support local underprivileged kids. The Team treated the kids to an evening at a Houston Aeros hockey game, the local minor league hockey team! What a fun filled night it was! Each child was able to meet the Aeros mascot, Chilly, and each was given a gift bag filled with Aeros goodies. Although the home town team did not win, the evening was filled with laughter, excitement and plenty of memories. The Houston Team is looking forward to sponsoring more events like this in the future.
